2003-2004

**Delta Chi law requires that a yearly history shall be permanently placed in the files of each chapter and a copy forwarded to the Headquarters on or before May 1, 2004**

As you prepare your annual history think of the information YOU would like to know if YOU were looking back on your chapter 20, 25, or 100 years from now. Remember you are writing history. Do not wait until the last minute to complete the annual report. Take your time and ask others for help. It is important that you capture this year's achievements of your chapter as well as those of your brothers and associates. Otherwise, they will most likely be lost over time. This document will be considered a significant piece of history for future members to look back on. If you don't complete the annual history who will? Take your time and have fun recalling this past year.

**11. PRESENT POSITION OF THE CHAPTER**

The chapter was moderately pleased with this year's recruitment. It was one of the larger classes and has a good group of men. There will be a lot of brothers leaving next year so we must prepare for next year's recruitment. We did not have a semi-formal do to our 5-year anniversary. The chapter has a lot of momentum to do great things and the quality of our new brothers will certainly lead us in the right direction.
