11. PRESENT POSITION OF THE CHAPTER (include here a brief summary of the current year and the outlook for the future):

We are on the rise, recruitment wise. We grew past 30 members for the first time in chapter history, which has brought forth an interesting predicament for our chapter: The house is getting to be too full. On top of that we are extremely active on campus as a dry fraternity, and continue to become well known and well respected by more and more people on campus. We have set a goal for our chapter to hang around 40 members for the upcoming years.

We just created an extensive AM program, we bought a projector and screen for the common room, new network equipment, and built a riser for stadium seating the couches in the common room. Our young chapter is really at a booming time, and it looks like the high spirit and focus of our chapter will continue throughout the years.
